

DISPOSABLE HEMOCLIPS

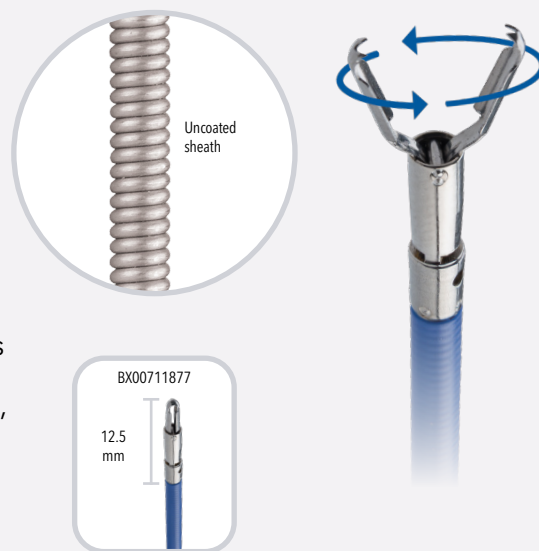

VIPER™ Hemoclip

Offering the precision and retention needed during endoscopic clipping procedures

Designed for endoscopic clip placement within the gastrointestinal tract for the purpose of hemostasis, defect closure, endoscopic marking and anchoring.

KEY FEATURES & BENEFITS:

- Positioning prior to deployment
- 16mm removable and non-removable versions offer shorter clip to tail length, allowing for better maneuverability while deploying additional clips
- MR conditional as outlined in the instructions for use**
- Allows for post deployment removability with some snares
- Compatible with both standard and pediatric endoscopes, including bronchoscopes

**MR conditional under static magnetic field of 1.5T/3.0T, maximum spatial field gradient of 2,000 gauss/cm and maximum MR system reported whole body averaged SAR of 2 W/kg. Reference instructions for use for full details.

REMOVABLE:

Product Number	Description	Minimum Working Channel (mm)	Catheter Length (cm)	Deployed Length (mm)	Opening Width (mm)	Coated Sheath	Units/Box
BX00711875	VIPER™ Hemoclip	2.8	230	12.5	11	Blue	10
BX00711877	VIPER™ Hemoclip	2.8	230	12.5	16	Blue	10
BX00711924	VIPER™ Hemoclip	2.8	230	12.5	9	Blue	10
BX00711925	VIPER™ Hemoclip	2.8	230	12.5	13	Blue	10

NON-REMOVABLE:

Product Number	Description	Minimum Working Channel (mm)	Catheter Length (cm)	Deployed Length (mm)	Opening Width (mm)	Coated Sheath	Units/Box
BX00711922	VIPER™ Hemoclip	2.8	230	12.5	11	No	10
BX00711923	VIPER™ Hemoclip	2.8	230	12.5	16	No	10

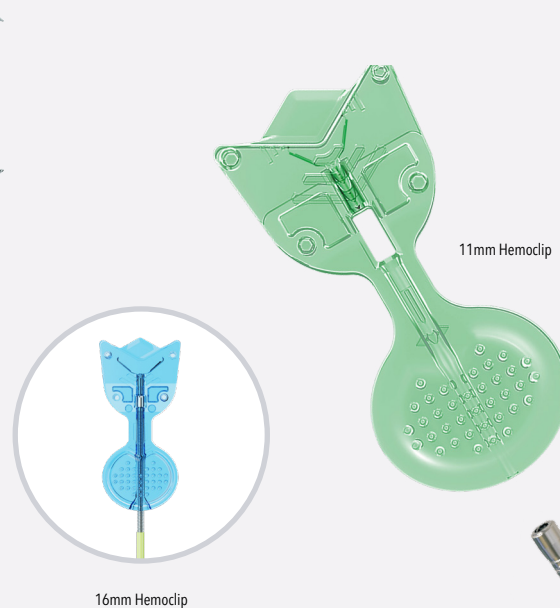

RELIANCE™ Reloadable Hemoclip

Precision clipping with the advantage of single-motion clip exchange. Reload fast and clip with confidence.

Reliable hemostasis, engineered for repeat deployment in single patient. Offered as preloaded clips with 25 cartridge packs in 11mm and 16mm interchangeably or as add on sets containing 1 or 4 clips in one size.

KEY FEATURES & BENEFITS:

- 1:1 Rotation for ideal positioning on target site
- Repositionable
- Easy and fast reloading technique
- Interchange between 11mm and 16mm clips
- One device - multiple deployments
- Decrease medical waste in procedures which require multiple clip placements

MR conditional under static magnetic field of 1.5T/3.0T, maximum spatial field gradient of 2,000 gauss/cm and maximum MR system reported whole body averaged SAR of 2 W/kg. Reference instructions for Use for full details.

Reloadable Hemoclip

Product Number	Description	Min Working Channel (mm)	Catheter Length (cm)	Deployed Length (mm)	Opening Width (mm)	Units/Box
BX00711933	RELIANCE™ Preloaded Applicator	2.8	230	12.8	11	10
BX00711934	RELIANCE™ Preloaded Applicator	2.8	230	14.3	16	10
BX00711935	RELIANCE™ Cartridges (Green)	2.8	-	12.8	11	25
BX00711936	RELIANCE™ Cartridges (Blue)	2.8	-	14.3	16	25
BX00711937	RELIANCE™ Preloaded Applicator + 1 clip	2.8	230	12.8	11	10
BX00711938	RELIANCE™ Preloaded Applicator + 1 clip	2.8	230	14.3	16	10
BX00711939	RELIANCE™ Preloaded Applicator + 4 clips	2.8	230	12.8	11	10
BX00711940	RELIANCE™ Preloaded Applicator + 4 clips	2.8	230	14.3	16	10

RELIANCE™ Hemoclip

KEY FEATURES & BENEFITS:

- Offers ability to reposition the clip multiple times prior to deployment
- Features 360 degree, one to one rotation
- Provides tactile feedback on deployment
- Includes various jaw opening size
- Coated option offer removable capabilities

RELIANCE™ Hemoclip Uncoated 16mm

MR conditional under static magnetic field of 1.5T/3.0T, maximum spatial field gradient of 2,000 gauss/cm and maximum MR system reported whole body averaged SAR of 2 W/kg. Reference instructions for Use for full details.

Removable:

Product Number	Description	Minimum Working Channel (mm)	Catheter Length (cm)	Deployed Length (mm)	Opening Width (mm)	Coated Sheath	Handle Colour	Units/Box
EN10400	RELIANCE™ Hemoclip	2.8	230	12.5	11	Yes	Blue	5

Non-Removable:

Product Number	Description	Minimum Working Channel (mm)	Catheter Length (cm)	Deployed Length (mm)	Opening Width (mm)	Coated Sheath	Handle Colour	Units/Box
EN10400P	RELIANCE™ Hemoclip	2.8	230	12.5	11	No	Blue	10
EN10400P16	RELIANCE™ Hemoclip	2.8	230	12.5	16	No	Green	10
