Colonoscopy Trends

FROM SCREENING TO TREATMENT

@endoscopyoa

AN INTERNATIONAL SYMPOSIUM

ENDOSCOPY
YOUR GLOBAL GI LIVESTREAM

ON AIR

SATELLITE
MEETING

We are pleased to invite all practicing gastroenterologists, endoscopists and endoscopy staff to register and enjoy a top, complimentary course on latest developments in diagnostic and therapeutic colonoscopy.

with kind support of:

FUJIFILM
Value from Innovation

WHY JOIN US?

Colonoscopy and polypectomy are probably the most influential and relevant techniques in gastroenterology.

This live, international symposium of Endoscopy On Air Satellite with the kind support of Fujifilm provides you with deep insights into the modern performance of both diagnostic and therapeutic colonoscopy.

Starting with detection of lesions aided by AI and ending with mastering complex and difficult polyps. Join us to watch international experts in lectures, debates and live demonstrations! They will make sure that you are on the right track of becoming a better colonoscopist!

SCIENTIFIC FACULTY

@endoscopyoa
FREE REGISTRATION AT:
ENDOSCOPYONAIR.COM
