FBR Set.....

for safe foreign body retrieval

- Alligator and rat tooth in one grasping device
- Long and elastic retrieval cap
- Safe removal of sharp and foreign objects

FBR Set

Ref. no. 400.05

The FBR Set is a foreign body retrieval set for safe removal of various foreign body objects.

The package contains two sets (ref. no. 400.05); each set includes a remOVE SecureCap 12 and a remOVE Grasper.

The remOVE SecureCap is an elastic and transparent retrieval cap. It allows safe extraction of ingested foreign objects in the digestive tract.

The remOVE Grasper is a grasping forceps used to grasp and retrieve foreign bodies in the digestive tract. It includes alligator and rat teeth to ensure a strong hold and easy retrieval of foreign bodies into the remOVE SecureCap.

Dimensions

remOVE SecureCap 12

remOVE Grasper

Application

Extraction of a clip fragment by using the FBR Set.
